## A CRISIS.

To My Friends, the Whole American People:

I had intended to-day's advertisement as a thank you for the magnificent way you have answered my call, but circumstances demand sterner things than thank yous.

The stupendous, overwhelming response you have made to my call has brought about a crisis which must be handled with X-ray delicacy. All my facilities and my brokers' facilities for handling your mail and orders have become clogged from your first day's response. To-day, Saturday, we are all buried beneath your mail, telegrams and orders, and it may be days before we can even open the mail and assort the orders we now have, while next week and week after when the public receives the "National Stock" pamphlets the receipts of mail and orders will be tremendous.

The fact that I have one lot of about 10,000 orders with checks, cash, money orders and stocks attached left over to-day which have not even been assorted, and the fact that to-day's mail is as yet unopened, and the additional fact that it is understood I execute no orders but simply pass them along to stock exchange and responsible curb houses, will give you a peep at the situation. The applications for pamphlets already run into millions, and these applications for pamphlets represent the heavy and more business-like buying which will not commence until pamphlets are received and read. By working a number of printing houses day and night we will begin to mail pamphlets and Reward Blanks on Wednesday, and from the time they get into applicants' hands I look for a serious clog in the execution of orders. The following has been and will be our procedure; for it is of vital importance that neither you nor myself, because of our tremendous success, get rattled.

First—I am holding the stock at 2 or under, allowing all old holders who wish to sell and take their profit to do so, and thus enabling new holders to get in fair.

Second—As the tremendous future buying crowds the price I will do all in my power to regulate it so that its advance will be orderly, and to this end I earnestly ask that every buyer sending orders as late as Wednesday limit his price so that whoever receives his order cannot pay over \$3 per share, Boston price, for it must be understood that they sell "National Stock" in the New York market on a peculiar basis which makes the Boston price of \$3 read \$6. I say this because it is the greatest importance that we have no run-away market. The necessity for this precaution can be seen in the fact that over fifty out-of-town banking and brokerage houses have already wired for an average of 5,000 to 10,000 pamphlets each, and their telegrams are almost all uniform to the effect that their houses are besieged with hordes of buyers who demand the pamphlets before ordering the stock.

Third—I earnestly ask that every one sending an order to any one have patience in regard to its being filled, all the time bearing in
